IDDITED OF ATTRO DISTRICT COLUMN

PETER IANNIELLO being duly sworn, deposes and says:

- 1. I am employed by the Board of Education of the City School District of the City of New York, which operates as the New York City Department of Education ("DOE"), as the Executive Director of the Office of Human Resources School Support, Division of Human Resources. I have served in this capacity for the DOE since 2010.
- 2. As Executive Director of the Office of Human Resources School Support, I am responsible for, among other things, maintaining DOE records concerning substitute teachers and paraprofessionals, related service providers, international teachers, and providing any assistance in paperwork processing and professional development to individuals in these titles. I also oversee employee incentives for the aforementioned titles.
- 3. The Office of Human Resources School Support at large is responsible for, among other things, assisting substitute teachers with the annual renewal process, verifying

employment, assigning substitutes for work, creating profiles in the automated calling system for substitutes, and evaluating transcripts against state and city requirements.

- 4. I submit this affidavit in support of Defendants' motion for summary judgment. This affidavit is based on my personal knowledge as well as the books and records maintained by the DOE.
- 5. In September 2017, the New York City Law Department, through Assistant Corporation Counsel Katerina Souliopoulos, contacted me in connection with the above-referenced litigation.
- 6. Upon request of the Law Department, I conducted a search of DOE's computer systems for Plaintiff's service status and found that Plaintiff was registered in DOE systems as an occasional per diem substitute teacher. An occasional per diem substitute teacher is a substitute teacher available to accept daily assignments at any DOE school.
- 7. Plaintiff's service history reflects that he worked at the Frederick Douglass Academy in 2005, 2006 and 2007 as an occasional hourly employee. The code "05M499" located under the column "location" is the code used in DOE computer systems to represent the Frederick Douglass Academy. A copy of Plaintiff's service history is attached to this affidavit as Ex. "A."
- 8. The service history then reflects that Plaintiff worked for the DOE as an occasional per diem employee from at least May 1, 2012 until September 8, 2015. See id.
- 9. The service history lastly reflects that from September 8, 2015 until February 13, 2016, Plaintiff was a regular substitute at the Frederick Douglass Academy. Note that Plaintiff's payroll status changed from "O-status Daily" to "Q-Annual." This means that

Plaintiff's payroll status changed from O-status to Q-status from September 8, 2015 until February 13, 2016. See id.

- 10. I also found Plaintiff's profile on the SmartFind Express/SubCentral System ("SubCentral System"). The SubCentral System is the DOE's online computer system through which substitute teachers may find assignments. For example, DOE school administrators can create absences in the SubCentral System, and the SubCentral System will then place calls to substitutes during specified call-out times to offer employment opportunities.
- 11. I provided Ms. Souliopoulos a PDF of the call log associated with Plaintiff's SubCentral System profile. The call log is attached to this affidavit as Exhibit "2."
- 12. The call log shows that between November 3, 2016 and June 28, 2017, the SubCentral System placed 1,684 calls to Plaintiff concerning available assignments. The call log further shows that none of the SubCentral System calls were answered. See generally Ex. **L"
- 13. Based on my communication with the Law Department, I understand certain of Plaintiff's allegations concern New York State teacher certification requirements and the DOE hiring process.
- 14. Specifically, Plaintiff alleges that he cannot obtain his New York State Professional Certification ("professional teaching license"), because Mr. Joseph Gates will not sign an OT-37 form for Plaintiff.
- 15. An OT-37 form is a form to verify any paid teaching experience an individual performs while seeking their permanent teaching license. An OT-37 form can be signed by either a Community Superintendent, or the Executive Director of the DOE's Human Resources Division. Then, the form is sent to the Office of Human Resources School Support

for final execution before it is sent to the New York State Education Department for review. The OT-37 form cannot be signed by a Principal.

- 16. Plaintiff also alleges that the Defendants failed to hire and/or promote him while he worked at the Frederick Douglass Academy. Moreover, Plaintiff believes Title 8, Chapter II of the Official Compilation of Codes, Rules, and Regulations of the State of New York mandates his hire. See 8 CRR-NY 80-5.4.
- 17. To be hired as a teacher at the DOE is a multi-step process. As an initial matter, only qualified individuals may be hired as DOE teachers. For example, individuals granted either an initial teaching license, professional teaching license, or a permanent teaching license from the State of New York may be hired as DOE teachers, as well as individuals completing a transitional degree or internship in conjunction with a master's degree program. The hiring of school personnel is largely at the discretion of a school's Principal, subject to the protections of federal, state and local anti-discrimination statutes.
- 18. After interviewing qualified candidates, it is within a Principal's discretion to make an offer of employment. If an offer of employment is accepted, a Principal will then nominate the prospective employee in the DOE computer system. The prospective employee will then be prompted via email by DOE to complete all remaining background checks and paperwork. If the prospective employee successfully completes all background checks and necessary paperwork, they will then be officially appointed as a DOE teacher.
- 19. Subpart 5.4 of Title 8 of the Codes, Rules, and Regulations of the State of New York concerns substitute teachers and provides in relevant part:

.4.

(a) Definitions.

As used in this section:

(1) Substitute teacher means one who is employed in place of a regularly appointed teacher who is absent but is expected to return.

- (2) Long-term basis means employment for more than 40 days by a school district or board of cooperative educational services in a school year.
- (3) Itinerant basis means employment for 40 days or less by a school district or board of cooperative educational services in a school year.

(b) Responsibility.

The responsibility for the employment of appropriately qualified substitutes rests with the chief school officer. Persons employed on a long-term basis shall have the proper certification for the position, except as provided in paragraphs (c)(2) and (3) of this section.

(c) Length of employment.

There shall be three categories of substitutes as follows:

- (1) Substitutes with valid teaching certificates or certificates of qualification. Service may be rendered in any capacity, for any number of days. If employed on more than an itinerant basis, such persons will be employed in an area for which they are certified.
- (2) Substitutes without a valid certificate, but who are completing collegiate study toward certification at the rate of not less than six semester hours per year. Service may be rendered in any capacity, for any number of days, in any number of school districts. If employed on more than an itinerant basis, such persons will be employed in the area for which they are seeking certification.
- (3) Substitutes without a valid certificate and who are not working towards certification.

See 8 CRR-NY 80-5.4.

- 20. Accordingly, any substitute who works more than forty days in the same subject and grade level must either (a) be certified in the subject area for which they are substituting, or, (b) be seeking certification in the subject area for which they are substituting. See 8 CRR-NY 80-5.4.
- 21. For example, if an individual substitute works for more than forty days as a science substitute, that individual must either already have certification from the State of New York in science, or, they must be concurrently seeking certification from the state in science.

¹ The use of certificates of qualification was discontinued in 2004.

- 22. Subpart 5.4 of Title 8 does not mandate that the DOE employ substitutes who work more than forty days in a full-time capacity.
- 23. Subpart 5.4 of Title 8 also does not mandate that the DOE nominate and appoint as teachers all substitutes who work more than forty days.
